## RealCall Charitable Giving Guidelines

### Introduction:

Given RealCall businesses receive a high volume of requests for cash and in-kind contributions from around the world, below please find the current guidelines to describe RealCall's charitable priorities for company-directed contributions. Generally, RealCall does not consider unsolicited requests for financial support.

### Philanthropic Mission:

At RealCall, we are committed to making the world better for individuals, families, and communities through our wisdom, justice, patience, and philanthropy. We inspire a:

- **World of Empowerment** by providing individuals, especially vulnerable populations with the tools and knowledge to protect themselves from spam and scam calls and texts. This mission aims to ensure that everyone can use technology safely, regardless of their background or age.
- **World in Safety** by actively working to lower the risk of falling victim to scams. This includes enhancing the security of communications, providing educational resources, and collaborating with law enforcement to identify and combat cybercriminals.
- **World of Inclusivity** by ensuring that our services are accessible to individuals with diverse abilities. This includes developing features and resources that cater to a wide range of users, including those with disabilities.
- **World of Digital Responsibility** by promoting ethical online practices and fostering a sense of responsibility among its users to protect themselves and others from online fraud.
- **World of Support** by delivering peace of mind to individuals and communities when they need it most. This mission involves providing support, resources, and comfort during challenging times, especially for vulnerable populations like children and the elderly.

## **Charitable Giving Priorities:**

Our philanthropic giving strategy is aligned to our philanthropic mission. Our charitable subscriptions are purposeful and thus are by invitation only and are in accordance with the three focus areas:

To inspire a World of Empowering, we make charitable subscriptions to nonprofit organizations that advance authentic efforts in healthcare and wellness for the senior, organize workshops and awareness programs aimed at educating senior citizens about the dangers of scam calls and texts, and provide knowledge to identify potential scams and spams to essentially protect their money and privacy.

To inspire a World of Safety, RealCall provides charitable subscriptions to nonprofit organizations that actively work to lower the risk of falling victim to scams. This includes enhancing the security of communications, providing educational resources, and collaborating with law enforcement to identify and combat cybercriminals.

To inspire a World of Inclusivity, RealCall makes charitable subscriptions to nonprofit organizations that ensure their services are accessible to individuals with diverse abilities. This includes developing features and resources that cater to a wide range of users, including those at old age or with disabilities.

To inspire a World of Digital Responsibility, RealCall promotes ethical online practices and fosters a sense of responsibility among its users to protect themselves and others from online fraud.

To inspire a World of Support, RealCall delivers peace of mind to individuals and communities when they need it most. This mission involves providing support, resources, and comfort during challenging times, especially for vulnerable populations like children and the elderly.

Through these philanthropic priorities, RealCall strives to make a positive impact on individuals, families, and communities around the world. By supporting authentic efforts in healthcare and wellness, education, and community safety, RealCall hopes to create a safer and more inclusive world for everyone.
